EDUCATION

Information Science and Engineering | Cambridge Institute of Technology, Bengaluru CGPA: 9.23 / (22 – 26)
XII (PCMB) | Gangothri PU College, MG Road Srinivaspura, Kolar 95% / 2022
X | Sri Paranjyothi Vidyaniketan High School, Yeldur, Srinivasapur TQ, Kolar DT 94.56% / 2020

SKILLS

- **Languages:** Java, SQL
- **Frameworks:** Spring Boot
- **Core skills:** Data Structures
- **Tools and Platforms:** VS Code
- **Soft skills:** Communication, Teamwork, Adaptability

PROJECTS

Collective Intelligence-Driven Analytics with Next-Generation Communication for Smart Cities

- Developed a smart city solution integrating IoT, 5G, and cloud technologies to address urban challenges such as traffic congestion, environmental monitoring, waste management, and energy optimization.
- Used Python for real-time data processing, analytics, and automation in features like smart traffic management, smart dustbins, and adaptive smart lighting systems.

Hospital Management System

- Developed a Java-based Hospital Management System using OOP, JDBC, MySQL, Collections, and Exception Handling. Implemented admin login, doctor management, patient registration, appointment booking, cancellation, search, and billing.
- Connected the application with a MySQL database using JDBC to store and manage hospital records. Organized the code into simple classes for database connection, doctors, patients, and main hospital operations.

EXPERIENCE

Full Stack Web Development Internship | SuprMentr Technologies Pvt Ltd, BLR | Feb '26 - May '26

- Developed a web-based Project Management Tool for project planning, task assignment, progress tracking, and team collaboration through a centralized dashboard. The application enables users to organize projects, monitor task status, and manage workflows efficiently.
- Designed and developed the frontend of the application using React.js, creating responsive and user-friendly interfaces for project and task management. Integrated the frontend with REST APIs to display dynamic data, implemented authentication screens and task status views, and ensured a seamless user experience across different devices.

CERTIFICATIONS

- Programming in Java - NPTEL
- Cloud Computing - NPTEL

ADDITIONAL INFORMATION

- **Languages Known:** English, Kannada, Telugu
- **Hobbies:** Reading books, drawing, playing badminton
